ABOUT ULTROZ DISINFECTANT

An advanced, environmentally friendly biocide crafted with a unique fusion of hydrogen peroxide, silver ions, and non heavy metal , non hazardous proprietary additives.

This powerful blend creates a sanitizing solution that surpasses the effectiveness of hydrogen peroxide alone by 20 times.

With advanced technology, eradicate harmful micro - pathogens.

ADVANTAGES

- Effective against bacteria, algae, and fungi, preventing recontamination.
- Lower dilution percentage compared to others.
- Eco-friendly, non-hazardous, and safe for humans.
- Free from carcinogenic or mutagenic properties.

ULTROZ DISINFECTANT: TARGETING A SPECTRUM OF MICROBES

Virus	Avian Influenza Virus, Human Influenza Virus, SARS Corona Virus.
